Welcome to Eletex Group of Companies

At **Eletex Group of Companies**, we build more than just structures — we build trust, relationships, and communities. With over 40 years of industry experience, we're proud to be one of Singapore's most trusted construction companies, delivering projects on time, within budget, and with uncompromising quality.

Our Mission

We help our clients optimise their assets and find the relevant solution for their engineering needs.

At **Eletex Group Of Companies** we deliver innovative, tailored solutions to the most demanding market sectors. Supporting the entire asset lifecycle—from initial construction to life extension and eventual decommissioning—we ensure our clients' facilities remain safe, reliable, and efficient.

Our service model is built on three key pillars:

- Insight – A deep understanding of clients' asset integrity objectives and challenges.
- Engineering – The ability to develop precise and effective technical solutions.
- Execution – Proven expertise in the safe and efficient delivery of complex works.

Together, these pillars enable us to deliver value-driven, customised solutions that enhance performance, reduce risk, and maximise asset value.

Your Trusted Partner in Construction & Process Industry Services

At **Eletex Group of Companies**, we are committed to delivering **high-quality**, safe, and reliable services across the construction and process sectors. With a reputation built on integrity, professionalism, and consistent performance, we support projects of all sizes with a wide range of specialised solutions.

Whether you are developing infrastructure, maintaining an industrial facility, or carrying out specialised works, our experienced team is ready to exceed your expectations.
